

Upon hearing Julius' words Luke's face becomes full of regret, "I'm sorry friend. I got greedy and made the wish I wanted...". Julius attempts to sit up, but his arm breaks apart into mana, "what was it?! What did you do?!". Luke holds back his tears, "I wished to play Ur again. I had too much fun with you, and against everyone else and I just didn't want it to ever end. I just wanted another chance to do it all again". The world they all stand in breaks apart and then reforms once again, ready for the next players to enter Ur.
